SOFTWARE SKILLS & STRENGTHS

Software proficiency or knowledge is only a part or media to express our creativity but to enhance my designing skills. I have enough knowledge of following most common software interfaces.

Publishing Tools:

Adobe In Design CS6 & CS6
Microsoft Publisher 2017
(MAC & WIN).

Vector Graphics Tools:

Adobe illustrator CC & CS6 (MAC & WIN),
Corel draw X7(Win).

Bitmap Graphics Tools:

Adobe Photoshop CC & CS6 (MAC & WIN)

Prepress Tools:

Adobe Acrobat professional

EXPERIENCE

DRE HOMES

MARCH 2017 - 2019

More than 15 years' experience. Enormous knowledge of operations of pre-press. Technical working knowledge of MAC & Windows platforms, ability to troubleshoot. Ability to take direction and critique own work throughout the design process. Excellent knowledge of Adobe related software. Exceptional knowledge of design and page layout software. In-depth knowledge of drawing and illustration software. Strong knowledge of photo manipulation software. Profound knowledge of general computer and print shop operation. Excellent ability to operate pre-press equipment. Sound ability to utilize word processing page layout, drawing, illustration and photo manipulation software to create newsletters, brochures, magazine, forms and other projects. Great work ethic, great attitude, and a commitment to being the best.

FREELANCE

MARCH 2019 - UNTIL NOW
